BAF Team Adds Talented Oklahoma State Grad

Derek Strawn joined the team in January this year and we could not be more excited. Originally from Missouri, Derek graduated from Oklahoma State University where he worked at the Purebred Beef Center and was a member of the 2020 national champion horse evaluation team. Derek interned with BAF last summer and is now joining the team fulltime as an Assistant Farm Manager. Go to the [BAF website](#) to read Derek's full bio!
